

IAMT

**Institute for the Advancement of
Medical Thermography**

Presents:

Advanced Training Levels CCT 1 – CCT4

Welcome to the World of Advanced Thermographic Imaging!

The IAMT is pleased to offer you advanced education to improve your imaging performance and help you become the most professional, skilled, and successful Thermographer you can be!

If you have passed the initial 3 – 4-day training course and learned how to use your camera, software and equipment, you have received your **CT – Clinical Thermographer**. After completing 25 interpreted studies, you can apply to take advanced courses called **CCT - Certified Clinical Thermographer**- courses for advanced thermal imaging education.

These courses are only available to IAMT members. The curriculum consists of three levels a thermographer can earn – **CCT1, CCT2, and CCT3.**

Upon completion of each level, you will be awarded certificates and badges to display in your office, website and social media signifying that you are an elite professional with advanced training.

CCT Advanced Training includes written material study, videos, quizzes, hands on live imaging and final exam

CCT1 Advanced Concepts of Thermography: IAMT Members \$495.

Your Instructor – Kristin Burton Medical Thermography Trainer/Master Trainer

Kristin Burton has been a Wellness Coach for the past 30 years helping her clients achieve natural

wellness and vibrant longevity. Kristin was invited to study under **Dr. Carol Chandler, DOM**, considered to be the world's foremost Medical Thermographer and Interpreting Physician. Kristin trained under Dr. Carol for over a decade and continues to this day!

She was also certified by the **American Academy of Thermology** and awarded advanced certifications by the **International Association of Medical Thermographers**. She was also awarded "Outstanding Professional" by **Physician's Insight** Interpretations.

As a result of her extensive experience training under Dr. Carol, Kristin began training new Thermographers from around the world and obtained her **Trainer and Master Trainer Certifications in 2013**. She has worked with and trained top doctors and health professionals

worldwide and is currently **the principal Thermography Instructor and Trainer for Med-Hot Thermal Imaging.**

After several years of working with Dr. Carol, Kristin founded **Central Florida Medical Thermography**. She grew her business to over 20 locations around the state of Florida in just 5 years and split her time between her business and training. She has been a member of the International Association

of Medical Thermographers for the past 9 years and served as their Executive Director in 2020. **She is also one of just a few Thermographers in Florida trained to image for RSD/CRPS and works with Orthopedic doctors and attorneys to aid in diagnosis of this disease.** Kristin enjoys training new and experienced Thermographers more than any other aspect of her career! Her classes are light-hearted, fun, interesting and will get you to the next level of professionalism in your career!
